It's time to **TALK ONLINE SAFETY...**

CYBER STALKING SEXTING DOXXING CYBER STALKING SCREEN TIME GPS LOCATION
DIGITAL WELLBEING SPYWARE SWITCHING OFF ARTIFICIAL INTELLEGENCE COOKIES

Ignite conversations beyond the screen about eSafety, digital footprint, cyber bullying, digital wellbeing, artificial intelligence & much more *in a fun way!* No devices or internet needed, totally unplugged.

TALK ONLINE SAFETY is an innovative card game designed to foster meaningful conversations about internet safety. It has 7 unique game rounds (52 cards total) suitable for anyone who has access to the online world, ages 10 to 100! 3+ players, or use the cards one-to-one to start constructive conversations.

Play the game all in one go, in multiple chunks, or even just one card a day!

"My students had a fantastic time with **TALKONLINESAFETY**; I wish they enjoyed my lessons as much as they did this game. You can quote me on that."

Alex Woolston, Head of Computer Science
The Priory School
